# Northern Transportation & Air Quality Summit

2010

August 24-26, 2010

## Mark your calendar!

A cutting-edge transportation and air quality conference for your region is coming this summer. Don't miss this chance to interact with your peers! The Summit will bring together stakeholders from the transportation and air quality communities to discuss the current and upcoming regulatory environment, new technologies, and current practices. The content is geared toward practitioners in the northern and Mid-Atlantic States involved with public agencies at all levels. A host of speakers from the national and regional levels will present on key topics, best practices, and latest information vital to transportation, planning, and air quality professionals.

### SUMMIT AT A GLANCE

*\*Topics may change pending final agenda.*

#### Preliminary Topics\*

New air quality standards, CMAQ program, modeling and analysis associated with conformity and project analysis, air quality standards revision, climate change, and more.
